It shook again...!
I'll go check it out, too!
Steed, please look after Lily for a bit.
HUH?

ドドドド
Answer me!!
You forgot one thing.
You see, when someone searches for something..

You say "please".
Brat.

Tcht...
How boring I'm outta ammo.
You should be at your limit, too

You with him?
Yo, lil' lady.
Hah...
Tell this to that lil' brat when he comes to:
"His life and Divider are in my hands for now.
If he has a good idea on the culprit behind the Mine event

Veyron of the Huckebein Family"
and wants to know about it, come to me.

We cannot contact the Church's emergency lines!

It appeared, huh
We were a step late I just hope that there aren't any casualities.
Reports from residents, too! There was something that resembled a magical beam going up!

Hello!
Hey-ho! Hellooooo?!
Oh, Aru
What's up?
Have you secured the Divider yet?!
I've confirmed the serial number and it's owner
What?! You fought? Did you do that person in?
No
He's already completely infected with the Eclipse

He also seems to have a bone to pick with me.
So he'll appear if we leave him alone
Vey and his bad habits again.
What are you going to do if the TSAB's pursuers take that person away?
He will definitely come to us.
They won't.
He's the same as us.

Ugh
ARE YOU ALL RIGHT, TOUMA?
Touma
Touma!
Touma
Oww...
Some-how...
I'm sorry
Why are you apologiz-ing?
It's fine

You probably carried me, right?
It's nothing
Just relieved that you were pretty light
Isis, too.
I'm sorry and thank you.
WE'RE JUST THANKFUL THAT YOU'RE OKAY!
Yeah.
Eh?
Well, you got off with a pretty light wound with all those fireworks exchanged.

Hey,
you shouldn't...
What...
My wounds..
Have healed..?
Touma,
Your right hand

I was just informed by Instructor Vita of the progress
Everyone over at the technical department also worked hard to develop the countermeasure "Zero Effect"
The trump cards of Section Six as well.

It's been so long!
Nanoha-san!
Yep.
That's right.
I haven't been involved in the same incident as you since Section 9ix.

The new equipment you've tested at the instruction squad. How does it feel?
I think it's pretty good
The size and usage life are still the problem, but it can see practical use already.
Vita-chan and I will be doing practical testing to obtain data later.
I see~
By the way, Subaru,
how's that kid you introduced earlier doing?
You know, the kid that seems like he'd be your little brother
Ah, yeah! He's kickin'!

He has some mischievous parts to him, so I'm a bit worried.
Right now, he's traveling by himself
I just wish that he'll return safe and sound.
